

Vendor: HP

Exam Code: HP0-J52

Exam Name: Implementing HP SAN Infrastructure and Solutions

Version: DEMO

QUESTION 1

What is a benefit of connecting servers to the SAN one HBA at a time?

- A. It guarantees the connections are properly documented.
- B. It allows the switch time to balance the load.
- C. It prevents having to reboot the server.
- D. It allows verification that the HBA properly logs into the fabric.

Answer: D

QUESTION 2

A customer wants to implement a new c-Class blade environment and connect it as an edge device in an existing fabric and Ethernet network. Which cost-effective converged network interconnect device should you recommend to help reduce the resultant network sprawl by up to 95%?

- A. HP StorageWorks 4Gb SAN Switch for HP c-Class BladeSystem (Brocade 4024)
- B. HP StorageWorks 400 Multiprotocol Router
- C. HP Virtual Connect FlexFabric 10Gb/24-port Modules
- D. HP StorageWorks 4/32 SAN Switch with Access Gateway enabled

Answer: C

QUESTION 3

What is a feature of a B-series switch license upgrade?

- A. inter-switch link (ISL) trunking
- B. zero E-port capability
- C. advancedWebTools
- D. zoning

Answer: A

QUESTION 4

When powering down the SAN, what is an exception that would change the power down sequence?

- A. The physical layout of the SAN devices is modified.
- B. A non-standard sequence is used for power on.
- C. A server is needed to run device management software.
- D. Data in the cache is previously flushed.

Answer: C

QUESTION 5

Which port type is used by building an LSAN on supported B-series 8Gb SAN Switches to provide the routed paths between routed fabrics?

- A. VEX_Port

- B. E_Port
- C. EX_Port
- D. TE_Port

Answer: C

QUESTION 6

Which software utility can be installed by customers and used to perform SAN analysis and diagnostics without supervision by an HP engineer?

- A. SAN Visibility
- B. SANXpert
- C. ScanMaster
- D. HPCC for SAN

Answer: A

QUESTION 7

A customer needs a scalable SAN infrastructure and wants to add ports when they are needed. Which B-series switch offers license upgrades in 16-port increments?

- A. HP StorageWorks SAN Director 4/256
- B. HP StorageWorks 8/40 SAN Switch
- C. HP StorageWorks 8/80 SAN Switch
- D. HP StorageWorks DC04 SAN Director

Answer: C

QUESTION 8

During the installation of an HP StorageWorks SN6000 Fibre Channel Switch there is a fatal POST error.

How is this indicated by the switch?

- A. Fault light flashing red
- B. blinking LED and audible alarm
- C. audible alarm only
- D. blinking heartbeat LED display

Answer: D
