3: Drag Drop question

Click and drag the VPN solution on the left to its definition on the right.

intranet VPN

extranet VPN

remote-access VPN

This VPN solution connects telecommuters and mobile users securely and cost-effectively to corporate network resources from anywhere in the world over any access technology.

This VPN solution links corporate headquarters to remote offices over a shared, prioritized network, and offers an extremely cost-effective alternative to dedicated WANs.

This VPN solution links network resources with third-party vendors and business partners, extending elements of the corporate network beyond the organization.

Correct Answers:

Click and drag the VPN solution on the left to its definition on the right.
